PROFESSIONAL SUMMARY

Procurement and Supply Chain professional with nearly two years of experience in a large manufacturing organization, specializing in strategic sourcing, international procurement, supplier relationship management, and ERP-based procurement operations. Experienced in comparative statement analysis, supplier negotiations, cost optimization, spare parts inventory control, demand planning, and material handling equipment procurement. Skilled in coordinating technical and maintenance teams, managing spare parts issuance, and supervising machinery installation and commissioning in collaboration with suppliers. Holds a B.Sc. in Electrical and Electronic Engineering, providing a strong technical foundation for the procurement of capital equipment and industrial machinery. Currently pursuing a Professional MBA at Bangladesh University of Professionals (BUP).

CORE SKILLS

Procurement & Sourcing:

- Procurement Operations and Purchase-to-Pay (P2P)
- Strategic Sourcing and International Procurement
- Supplier Relationship Management and Vendor Coordination
- Request for Quotation (RFQ) and Comparative Statement (CS) Analysis
- Supplier Negotiation and Cost Optimization
- Material Handling Equipment Procurement
- Procurement Documentation: PR, PO, IR, MO, and LC

Inventory & Operations:

- Team Leadership and Technical Team Supervision
- Spare Parts Inventory Control and Inventory Record Management
- Demand Planning, Requirement Consolidation, Approval, and Distribution
- Machinery Installation and Commissioning Supervision
- Industrial Maintenance and Automation Project Coordination

Systems & Tools:

- Oracle ERP (PR, PO, IR, MO)
- Microsoft Excel: Pivot Tables, VLOOKUP
- Microsoft Word and PowerPoint
- AutoCAD
- Smart Manufacturing
- SAP S/4HANA MM (Training in Progress)

PROFESSIONAL EXPERIENCE

RFL-DURABLE PLASTIC LIMITED (PRAN-RFL GROUP) | August 2024 – June 2026

Assistant Manager, Procurement & Development | June 2025 – June 2026

- Supervised technical and maintenance teams supporting industrial machinery and material handling equipment operations, including blow molding machines, Polystar compound machines, forklifts, reach trucks, mobile elevators, and RMCS automation projects.
- Managed spare parts inventory control, including inventory records, demand collection, requirement consolidation, procurement coordination, usage approvals, and distribution according to factory requirements and operational priorities.

- Coordinated spare parts and EV battery requirements from forklift, reach truck, and other material handling equipment workshops; served as the first-level approval authority for parts issuance and consumption.
- Coordinated the delivery of procured machinery and spare parts to designated factory locations and supervised installation and commissioning activities with supplier teams through completion.
- Prepared and analyzed comparative statements (CS) for supplier quotation evaluations exceeding USD 3.5 million, supporting procurement approvals exceeding USD 3 million through senior management review.
- Supported strategic sourcing and supplier negotiations, contributing to reported procurement savings of USD 361,766 and securing initial supplier discounts totaling USD 52,951.
- Coordinated international sourcing and supplier communications involving 100+ supplier organizations and 200+ supplier representatives; facilitated the procurement of 100+ forklifts, reach trucks, and pallet stackers.
- Tracked and coordinated 126 procurement work orders covering machinery, spare parts, and industrial development projects; executed PR, PO, IR, MO, and LC documentation and procurement tracking using Oracle ERP.

Assistant Engineer, Maintenance | January 2025 – June 2025

- Supported factory maintenance operations and developed cross-functional understanding of machinery, equipment specifications, and spare parts requirements.
- Applied engineering knowledge to support the transition into procurement and technical sourcing responsibilities.

Trainee Engineer, Maintenance | August 2024 – January 2025

- Completed structured on-the-job training in factory maintenance operations at RFL-Durable Plastic Limited, building a technical foundation in a large-scale manufacturing environment.

GOBESHONA LEARNING ACADEMY | February 2024 – July 2024

Junior Instructor | February 2024 – July 2024

- Delivered training on Programmable Logic Controllers (PLC), Variable Frequency Drives (VFD), and Human-Machine Interface (HMI) to engineering students.
- Prepared automation course materials and wrote daily blogs on industrial automation topics.

EDUCATION

Professional MBA (Ongoing)
Bangladesh University of Professionals (BUP) | Expected completion: 2028

B.Sc. in Electrical and Electronic Engineering
Hajee Mohammad Danesh Science & Technology University (HSTU) | Graduated: 2019 |
CGPA: 3.16/4.00

TRAINING AND CERTIFICATIONS

- Six Sigma Level 1 Certification
- Industrial Automation with SCADA – NSDC, Ahmedabad
- PLC, VFD, and HMI Internship – Gobeshona Learning Academy

LANGUAGES

- Bengali (Native)
- English (Proficient)
