PROFESSIONAL SUMMARY

Procurement & Supply Chain professional with nearly 2 years of experience supporting strategic sourcing, international procurement, supplier relationship management, and ERP-based procurement operations in a large manufacturing organization. Engineering background (B.Sc. in EEE) provides a strong foundation for technical procurement of capital equipment and industrial machinery. Proven experience in comparative statement analysis, supplier negotiations, cost optimization, and international sourcing. Currently pursuing a Professional MBA in Supply Chain Management at Bangladesh University of Professionals.

WORK EXPERIENCE

RFL-Durable Plastic Limited (PRAN-RFL Group) | Aug 2024 - Jun 2026

Assistant Manager (Procurement & Development) | Jun 2025 - Jun 2026

- Developed & analyzed CS for supplier quotation evaluations exceeding USD 3.5 million, supporting procurement approvals exceeding USD 3 million through senior management review.
- Conducted strategic sourcing and initial negotiations to contribute to overall procurement savings of USD 361,766 and secured initial supplier discounts totaling USD 52,951.
- Coordinated international sourcing and supplier communications, engaging with 100+ international supplier organizations and 200+ supplier representatives across global sourcing markets.
- Facilitated the end-to-end procurement process for over 100 forklifts, reach trucks, and pallet stackers, ensuring strict technical compliance alignment with engineering needs and tracking on-time delivery.
- Tracked and coordinated 126 procurement work orders involving machinery, spare parts, and industrial development projects.
- Executed procurement lifecycle activities including PR, PO, IR, MO via Oracle ERP, LC documentation, supplier follow-up, and procurement tracking.

Assistant Engineer (Maintenance) | Jan 2025 - Jun 2025

- Supported maintenance operations at RIP factory while transitioning into procurement responsibilities, building cross-functional knowledge of equipment specifications used in sourcing decisions.

Trainee Engineer (Maintenance) | Aug 2024 - Jan 2025

- Completed structured on-the-job training at RIP DPL factory in maintenance operations within a large manufacturing environment, forming the technical foundation for later procurement roles.

Gobeshona Learning Academy

Junior Instructor | Feb 2024 - Jul 2024

- Delivered PLC, VFD, and HMI training to engineering students while developing automation course materials and daily blogs on automation topics.

TRAINING & CERTIFICATIONS

- SAP S/4HANA MM (Training in Progress)
- SIX SIGMA Level-1 Certification
- Industrial Automation with SCADA – NSDC, Ahmedabad
- PLC, VFD & HMI Internship – Gobeshona Learning Academy
